# Swish Clean & Green™ Washroom Paper Products

Swish Clean & Green™ Green Seal-certified washroom towel and tissue products are certified by Green Seal, Inc. in Washington, D.C.

Swish Clean & Green™ Green Seal-certified washroom towel and tissue products are made from 100% recycled wastepaper and are certified by Green Seal, Inc. in Washington, DC. The “Green Seal®” means our products meet the Green Seal environmental standards for paper towels and tissue, making the Swish Clean & Green™ Green Seal-certified products among the most environmentally preferable washroom towel and tissue lines available in the away-from-home market.

## SWISH CLEAN & GREEN™ ROLL TOWELS

Swish Clean & Green™ Green Seal-certified roll towels are 100% recycled and made entirely from recovered fibers. Natural towels contain up to 82% post-consumer waste; natural white towels contain up to 73% post-consumer waste; and kitchen roll towels contain up to 49% post-consumer waste.

## SWISH CLEAN & GREEN™ FOLDED TOWELS

Swish Clean & Green™ Green Seal-certified folded towels are available in singlefold and multifold configurations. Natural folded towels contain up to 82% post-consumer waste, natural white folded towels contain up to 73% post-consumer waste.

## SWISH CLEAN & GREEN™ BATHROOM TISSUE

Embossed for softness, 100% recycled Swish Clean & Green™ Green Seal-certified bathroom tissue contains up to 49% post-consumer waste, which exceeds EPA guidelines. Swish Clean & Green™ Green Seal-certified controlled-use bathroom tissue features OptiCore® technology, and when combined with Swish coordinating dispensing systems, ensures maximum use of each roll in the dispenser before advancing to the next roll.

OptiCore® technology features a two-part core for controlled use, which reduces product waste and cost, and offers more than a 25% reduction in core material for more environmentally preferable packaging. The high sheet count offers maximum capacity and reduces maintenance time.

## An Environmental Necessity

Recycling has become an environmental necessity, and that makes Swish Clean & Green™ an environmental necessity, too. It's a complete line of 100% recycled towel and tissue products designed for the environmentally conscious consumer. All Swish Clean & Green™ products meet or exceed EPA guidelines for post-consumer waste content. Through a perfect blend of pre- and post-consumer wastepaper, Swish Clean & Green™ provides recycled washroom towel and tissue products without sacrificing quality or performance. That's the Swish advantage.

## Swish Clean & Green™ Premium Paper Products

### SWISH CLEAN & GREEN™ PREMIUM ROLL TOWELS

Swish Clean & Green™ Premium Green Seal-certified roll towels offer the highest quality in 100% recycled toweling. These roll towels feature a consumer-like leaf emboss pattern for absorbency and added softness, making them ideal for a wide range of green applications. Made from a superior grade of recycled wastepaper for exceptional brightness, Swish Clean & Green™ Premium white embossed towels contain up to 43% post-consumer waste, which exceeds EPA guidelines.

### SWISH CLEAN & GREEN™ PREMIUM BATHROOM TISSUE

Embossed for softness, 100% recycled Swish Clean & Green™ Premium Green Seal-certified bathroom tissue contains up to 49% post-consumer waste, which exceeds EPA guidelines. Swish Clean & Green™ Premium bathroom tissue features a consumer-like flower emboss pattern, and a superior grade of recycled wastepaper for exceptional brightness.

# Controlled-Use Dispensing Systems

## ELECTRONIC TOUCH-FREE ROLL TOWEL DISPENSERS

The electronic touch-free dispenser is the first roll towel system to offer totally touch free dispensing. The towel is stored fully protected inside the dispenser until you request service by passing your hand or arm near the sensor. By simply waving your hand in front of the sensor, 8", 11", 16.5" or 22" of toweling is dispensed. Wave again for another towel. It's that simple.

## HANDS-FREE ROLL TOWEL DISPENSERS

The Hands-Free dispensers deliver a pre-measured 11 inch towel to control usage and promote cost savings. Since there is no need to touch the dispenser, the hands-free design reduces contact with harmful bacteria and maintains hygiene.

## LEVER ROLL TOWEL DISPENSERS

Fully loaded dispensers have twice the capacity of the average folded towel dispenser. These dispensers deliver a pre-measured 10¾ inch towel to discourage paper waste and give you maximum cost control.

## 3-ROLL TISSUE DISPENSERS

The 3-roll tissue dispensing system is designed for high capacity controlled-use dispensing of OptiCore® tissue products. When one roll of tissue is used, simply turn the dial to advance to the next roll. The OptiCore® technology ensures the maximum use of each roll in the 3-roll dispenser to save maintenance time and costs. This sleek, contemporary dispenser also features a locking cover to prevent product pilferage and waste.

## 2-ROLL SIDE-BY-SIDE TISSUE DISPENSERS

The side-by-side 2-roll tissue dispensing system will accommodate OptiCore® tissue products for controlled-use dispensing and maximum savings in maintenance time and costs. The side-by-side 2-roll dispenser is designed for high-capacity applications and features a locking cover to prevent product pilferage and waste.

This mark indicates that the dispenser is ADA Title III compliant when installed according to the ADA Accessibility Guidelines.

Swish is your source for environmentally preferable quality washroom paper products and dispensing systems. You can choose from our Clean & Green™ or Clean & Green™ Premium Green Seal-certified washroom towel and tissue products.

## Going Green

Swish Clean & Green™ products can help your customers in achieving green status by taking the guesswork out of the green evaluation process. Swish Clean & Green™ and Clean & Green™ Premium products feature the assurance of the Green Seal®, the most stringent and comprehensive certification standard available for towel and tissue products. A complete line of environmentally preferable washroom towel and tissue products is available including roll and folded towels and single and jumbo roll bathroom tissue.

Green Seal™ is an independent, non-profit organization dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase, and use of environmentally responsible products and services. Green Seal™ is a trademark of Green Seal, Inc. in Washington, DC. Used by permission. [www.greenseal.org](http://www.greenseal.org)

### Green Seal Standards for Tissue (GS-1)

- 100% Recycled (recovered after papermaking process)
- Minimum 20% post-consumer wastepaper content (EPA guidelines)
- Wastepaper is not de-inked using solvents containing chlorine or any of its derivatives such as hypochlorite and chlorine dioxide
- Wastepaper is not bleached using chlorine or any of its derivatives such as hypochlorite and chlorine dioxide
- Bathroom and facial tissue does not contain any added pigments, inks, dyes or fragrances
- Bathroom tissue contains a minimum of 40 square feet of product per roll
- Product is made in accordance with reasonable industry practice with respect to holes, tears, wrinkles, cleanliness, foreign materials or dirt. Product must dispense properly from the container (dispenser) or roll
- The cores in the bathroom tissue are made from 100% recycled materials
- Packaging does not contain inks, dyes, pigments, stabilizers or any additives to which lead, cadmium, mercury or hexavalent chromium has been intentionally introduced
- Packaging materials cannot contain lead, cadmium, mercury and hexavalent chromium in excess of 100 parts per million (above trace levels)

### Green Seal Standards for Paper Towels (GS-9)

- 100% Recycled (recovered after papermaking process)
- Minimum 40% post-consumer wastepaper content (EPA guidelines)
- Wastepaper is not de-inked using solvents containing chlorine or any of its derivatives such as hypochlorite and chlorine dioxide
- Wastepaper is not bleached using chlorine or any of its derivatives such as hypochlorite and chlorine dioxide
- Paper towels do not contain any added pigments, inks, dyes or fragrances
- Product is made in accordance with reasonable industry practice with respect to holes, tears, wrinkles, cleanliness, foreign materials or dirt. Product must dispense properly from the container (dispenser) or roll
- The cores in the roll towels are made from 100% recycled materials
- Packaging materials cannot contain lead, cadmium, mercury and hexavalent chromium in excess of 100 parts per million (above trace levels)
